Curriculum vitae

23.1.2020

Hello,

I'm 35 years old woman who left her job among packing machines after 16 years, to become an exchange student in Madrid. That is possible because of my third-year studies at HAMK, where I study IT. My passion is creating and testing User interfaces.

During my long career I have met many people. Many of them have appreciated my initiative, helpfulness, and my passion to forward things.

I value good manners and I'm hoping to find a job, where people are nice and helpful. And where I can develop as a programmer.

It-skills

C#, C++, C	Basics of OOP
Python	Basics
Java	Basics
Sql	Basics
UiPath	Basics
Robot framework	Basics of testing
Microsoft office	Good

Language skills

Finnish	native
English	fluent
Italian	average
Spanish	average
Swedish	average
German	average

Education

BBA – Information technology,
Hamk University of Applied Science 2022

Receptionist degree,
Career collage Tavastia 2016

Graduate,
Tervakoski High school 2005

Work experience

Packing operator/packer,
Valio Oy Herajoki 2005 – present

During my long employment for Valio I have become familiar with multiple different kind of packing machines. When I was in the project where we started a new packing line, I got valuable experience how the code works. And during the project our working language was English. Along with the mandatory licenses, I have a First-aid certification and I have been an adviser.

Receptionist,
Vanajanlinna Oy 2016-2018

I worked for Vanajanlinna as a freelancer along with my permanent job. I worked as a receptionist, waitress and night guard.
