Curriculum vitae

22.11.2019

Hello,

I'm a woman with a long experience of using different kind of packing machines. I have also been in a project to start a new packing line, where my job was to do test-packings and test the new user interface.

People have valued highly my initiative, helpfulness and my passion to forward things.

I value good manners and I'm hoping to find a job, where people are nice and helpful. And more important where I can develop as a programmer.

Education

BBA – Information technology,
Hamk University of Applied Science 2022

Receptionist degree,
Career collage Tavastia 2016

Graduate,
Tervakoski High school 2005

Work experience

Packing operator/packer,
Valio Oy Herajoki 2005 – present

During my long employment for Valio I have get familiar with multiple different kind of packing machines. When I was in the project where we started a new packing line, I got valuable experience how the code works. And during the project our working language was English. Along with the mandatory licenses, I have a First-aid certification and I have been an adviser.

Receptionist,
Vanajanlinna Oy 2016-2018

I worked for Vanajanlinna as a freelancer along with my permanent job. I worked as a receptionist, waiter and night guard.
